

KILNS COLLEGE

GRADUATE SCHOOL OF THEOLOGY & MISSION

NETWORK OF AFFILIATE ORGANIZATIONS

PARTNERING WITH KILNS COLLEGE:

What would it mean to partner with Kilns? Simply, becoming an Affiliate Organization means knowing who we are, and us knowing who you are. Our goal in these partnerships is to connect graduate students with organizations for internships and gaining graduate practicum experience.

WHAT WE ASK YOUR ORGANIZATION TO OFFER KILNS:

- 1** Contact person between your organization and Kilns College
- 2** Coordinate with a Kilns liason to develop an outline for grad student involvement with your organization -- Internships & Job Opportunities
- 3** Get involved with Kilns College! Join us for the Kilns Affiliate Organization Fair, visit us on campus in Bend, or have our students check out what you're doing in the world.

WHAT KILNS COLLEGE OFFERS YOU:

- 1** Visit Kilns College -- join us on campus to present the work your organization is doing and connect with grad students
- 2** Kilns Associate Organization Fair -- an opportunity to promote your organization and network with graduate students and other non-profits working in similar sectors
- 3** Advertising -- promote your organization through the Kilns College website
- 4** Awareness -- grow your network of interest in your organization through the Kilns student body - both residential and distance learning students
